

Garlic Dill Rocoto Rush Hot Sauce

Just to get you started:

We really enjoy on hot dogs, hamburgers and chicken strips. It is also good on a quesadilla with refried beans and cheese as well as a cheese & pepperoni pizza.

Try a chicken salad in pita bread. A chickpea "tuna" melt. Spice up a rubeen—sauerkraut and thousand island.

Yuengling® Battered Cod sandwich. We recently tried it on pierogies and that was delicious, too!

As a salad dressing. On avocado toast. Potato or macaroni salad. Egg salad. Twice baked potatoes.
